

University of Notre Dame
Department of Athletics/Compliance Office

April, 2004

Dear Varsity Athlete:

As you prepare for summer vacation it is necessary to inform you of several important NCAA rules and regulations to which you should pay particular attention. Failure to comply with these rules could affect your remaining eligibility, so please read them carefully.

It is our strong suggestion that you contact your head coach and thoroughly check out the permissibility of a particular athletic activity before you engage in any type of outside competition in your sport.

Please note that the Summer Job Report and Outside/Excess Financial Aid Form must be completed by all returning student-athletes. All information requested must be provided. On the Summer Job Report, pay particular attention to the section asking whether or not a representative of the University's athletics interests (alumni, fan, Notre Dame staff member) assisted you in securing employment. The Outside/Excess Financial Aid Form is used to identify any outside scholarships you may be receiving and to verify that they meet NCAA financial aid regulations.

If you have any questions or concerns regarding the information contained in the summer packet, it is extremely important that you contact the Compliance Office at (574) 631-4107.

We appreciate you taking the time to review this important material. Have a safe and enjoyable summer.

Cordially,

Sandy Barbour
Deputy Director of Athletics, Compliance

Mike Karwoski
Assistant Director of Athletics, Compliance

Liz Muir
Assistant Director of Athletics, Compliance

Allen Greene
Coordinator, Compliance Administration
