

Thank you for your participation in the 2004 Cardinal Track and Field Invitational. The meet continues to grow in popularity and this year we reached our saturation point for entries. Consequently, we have accepted as many entries as the time schedule permits without compromising the primary objective, to maximize performances.

The sections and time schedule are designed to achieve excellent performances in optimal conditions. After consultation with the Stanford staff, the Farm Team staff, former Meet Management and U.S. Olympic coaches, the sections have been established and are listed below.

We anticipate minimal changes to these sections. Changes will be made only when the integrity of the event is compromised. We apologize in advance if we are not able to accommodate your requests.

Please remind your athletes to check-in no later than 20 minutes before the scheduled start of their event.

Good luck!
