EMERGENCY PLAN FOR MAHANEY DOME

Emergency Personnel: Certified athletic trainer and student athletic trainer(s) on site for practice and competition; additional sports medicine staff accessible from nearby Kessock Sports Medicine Center. Coaches or strength and conditioning personnel if no athletic trainers available.

Emergency Communication: The closest emergency communication source is located in the media relations trailer outside the dome or in Latti Fitness Center . “After hours” the closest emergency communication source is the emergency call box outside of Cutler Health Center (near the front doors).

Emergency Equipment: Supplies such as vacuum splints and spine board are located in the nearby Kessock Sports Medicine Center. Additional emergency equipment is accessible from the UVAC ambulance. An Automated External Defibrillator (AED) is located in the hallway between the fieldhouse and the pit.

Roles of First Responders

1. Immediate care of injured or ill student-athlete.
 - a. calm and reassure the victim
 - b. have one person stay with victim if possible
2. Activation of the emergency medical system (EMS)
 - a. Call 911
 - i. provide name
 - ii. location
 - iii. telephone number
 - iv. number of individuals injured
 - v. condition of injured
 - vi. first aid treatment provided
 - vii. specific directions (follow plan)
 - viii. other info as requested
 - b. BE THE LAST TO HANG UP
3. Emergency equipment retrieval (if necessary).
4. Designate individual to “flag down” EMS and direct to the scene
 - a. Open Garage door on West end of Field House
5. Scene Control: limit scene to first aid providers.

Direction of EMS to Scene

The Mahaney dome is located directly behind the Cutler Health Center. Use the airlock garage doors at the south entrance (facing Cutler Health Center).
