

Regulation 3

MEN'S BASKETBALL

3.1 General Rules. Conference basketball competition shall be conducted in accordance with the rules of the NCAA and the Bylaws and Operating Handbook of the Conference.

3.2 Format. A regular season champion shall be determined through a double round-robin schedule.

3.3 Regular Season Champion. The regular season champion shall be determined based on Conference winning percentage. In the event of a tie between two or more teams, such teams shall be considered co-champions.

3.4 Championship Tournament. A nine-team single elimination Conference tournament shall be conducted to determine the automatic representative to the NCAA Division I Men's Basketball Championship.

3.4.1 Minimum Number of Participants. Member institutions that sponsor the sport of Men's Basketball shall take a minimum of five participants to the Conference Men's Basketball Championship Tournament. Institutions that do not meet the minimum number of participants requirement shall be assessed a fine of \$5,000 plus the costs associated with the team traveling to the championship site. The conference office shall determine the cost of traveling to the championship site. If failure of the member institution to bring the minimum number of participants to the Conference Men's Basketball Championship Tournament results in a loss to the host institution, the fine shall be used to cover the expenses incurred by the host institution. If the failure to bring the minimum number of participants to the Conference Men's Basketball Championship Tournament does not result in a loss to the host institution, the fine shall be included in the Conference championships budget. Waivers of the minimum number of participants rule may be granted by the Commissioner.

3.4.2 Open Practice/Media Session. Institutions participating in the Men's Basketball Conference championship tournament shall participate in the open practice session and the media session that occurs prior to the championship tournament. The Conference office shall determine the time and location of the open practice and media session.

3.4.3 Arrival at Championship Site. Time of arrival for institutions participating in the Men's Basketball Conference championship tournament shall be left to the discretion of the institution. However, a team shall arrive no earlier than after classes two days prior to the team's first game (i.e., Tuesday evening for a Thursday game). Institutional oversight shall be provided by each Athletic Director, Senior Woman Administrator and Faculty Athletics Representative. The intent is for all student-athletes to complete classes on the day prior to departure to the tournament site. (Revised April 2004 and May 2006)

3.5 Automatic Qualifier. The Conference tournament champion shall be the automatic representative to the NCAA Division I Men's Basketball Championship. Other Conference teams may accept invitations to participate in postseason tournaments only when conducted or approved by the NCAA.

3.6 Cancellation of Championship. In the event the Conference championship cannot be started or, if started, cannot be completed, the Conference regular season champion shall represent the Conference as the automatic representative to the NCAA Division I Men's Basketball Championship. (Revised October 2001)

3.7 Tournament Seeding. Tournament seeding shall be based on regular season winning percentage in conference competition.

3.7.1 General Procedure. All ties shall be broken in the order in which they occur, from top to bottom, in the standings. Tied teams in the higher position shall be considered as separate positions based upon their seeding (e.g., Team A and Team B are tied for first place in the standings. By using the established tie-breaking procedures, it is determined that Team B is the No. 1 seed and Team A is the No. 2 seed. Team C and Team D are tied for fifth place in the standings. When using the tie-breaking formula to break the tie, Teams C and D are compared separately against Team B first, then Team A). When comparing tied teams against positions lower in the standings that are also tied, those lower-tied positions shall be considered a single position for purposes of comparison. (Revised March 2004 and April 2004)

3.7.2 Two Way Tie. If two teams tie for a position, and one holds a win-loss advantage during regular season play, that team receives the higher seed. If the two teams split their games during the regular season, each tied team's record shall be compared against the team occupying the highest position in the standings, continuing down through the standings until one team gains the advantage, thereby gaining the higher seed. If two teams remained tied, the tie shall be broken by a comparison of the two teams' NCAA RPI. The team with the better NCAA RPI will gain the advantage. (Revised May 2006)

3.7.3 Ties Between Three or More Teams. If three or more teams tie for a position, the combined record of each of the tied teams against the other teams involved in the tie shall be compared until an advantage is gained. If the multiple tie still exists, each of the tied teams' records against the team occupying the highest position in the standings shall be compared, continuing down through the standings until the tie is reduced to a two-team tie, at which time the procedure shall revert to the two-way tie breaking procedure, until the tie is broken. If teams remained tied, the tie shall be broken by a comparison of the two teams' NCAA RPI. The team with the better NCAA RPI will gain the advantage. (Revised May 2006)

3.8 Arrival at Game Site - Conference Competition. The visiting team shall arrive at the game site prepared to compete at the scheduled start time. A visiting team that does not arrive at the game site prepared to compete at the scheduled time shall incur the following penalties:

- a. Forfeiture of the contest at the moment the scheduled start time is reached; subject to the approval of the Conference office.
- b. A financial penalty equal to the amount of documented losses incurred by the host institution and the Conference, including but not limited to, ticket refunds, concession losses, facility rental, personnel expenses, television contract rebates, officiating fees and game operations costs. (Revised October 2002 and October 2003)

3.9 Scheduling.

3.9.1 Conference Schedules. Scheduling of regular season Conference games shall begin no later than June 10. The scheduling process shall conclude on or about August 1 (last date the Mountain West Conference regional network may select games). 3.9.2 Non-Conference Schedule. In order to continue to improve institutional and Conference (RPI), each team shall schedule and play no more than two regular season non-Division I games per season.

3.10 Starting Times for Games. Institutions shall determine starting times for all games, except those elected for television, and report the times to the Conference office no later than September 1.

3.10.1 Game Time for Doubleheaders – Television. The first game of a doubleheader shall begin three hours prior to the second game if the second game is to be televised. If the second game is not televised, the first game shall begin no less than two and one-half hours prior to the second game. If the first game is televised, the second game may begin immediately thereafter at the discretion of the institution.
