

Failure to disclose outside awards and financial assistance you have already received or will receive for the upcoming academic year could result in you receiving financial aid in excess of what NCAA rules permit and, thus, jeopardizing your eligibility to compete in intercollegiate athletics. If it is determined you received in excess of what NCAA rules permit based on an undisclosed outside award, you will be required to reimburse Texas Tech the amount you were over awarded and you will not be eligible to compete until such payment has been made.
